BASEBALL MEN MEET IN BOISE

Salt Lake Club Not Represented.

Question of Equalization of Mileage Was Taken Up and Discussed.

Lucas Will Communicate With Clubs Regarding Advisability of Reducing Number of Games.

Special to The Tribune.

OISE, Ida., June 27 -A meeting of the representatives of the teams of the Pacific National league is being held here. At midnight they were still in session and only routine business had been transacted. The baseball men are discussing the Spokane-Salt Lake series, the second week in July, but may not arrive at any decision until tomorrow. No complaint as to Lucas has developed as yet. The Jones affair has not been

The Butte Baseball club was represented by proxy and the Salt Lake club has no representation at the meeting. President Sebree of Bolse and President Williams of Spokane were present in person and the proxy of the Butte club was held by President Lucas of the league, making

ilams of Spokane were present in person and the proxy of the Butte club was held by Prestlent Lucas of the league, making up the quorum.

It was confidently expected that the Salt Lake club would have a representative at the gathering, and its failure to send one robbed the meeting of all interest. Manager Wilmot of Butte was obliged to return home on Saturday.

The question taken up was the equalization of club mileage, and it was decided that a settlement should be made at the end of the season by which, it was expected, the mileage would be fairly well equalized. This, it was determined, would do away with a lot, of clerical work and save confusion. President Lucas, as the representative of the Butte club, voted in lavor of a monthly equalization. It was the sense of the meeting that President Lucas should communicate with each club regarding the advisability of reducing the number of games in each series to five. By this means, it was contended, the clubs would would be enabled to travel from city to city with greater comfort, and open dates would be left for postponed games.

President Williams of Spokane did not tavor the preposal to cut out the sixin same. He thought that by playing two sames on Sunday the welfare of the largue would be better served.

President Lucas will take the vote of the clubs on this question by mail and announce the result on July 10.

The meeting adsourned without taking any further action than to make the following changes in the schedule:

July 6 to il—Spokane at Salt Lake, instead of Spokane at Spokane, instead of Spokane at Spokane, instead of Spokane at Spokane, instead of Spokane at Boise, August 23 to 28—Spokane at Boise, instead of Boise at Spokane, instead of Spokane at Boise, instead of Boise at Spokane, instead of Spokane at Boise, instead of Boise at Spokane.

SAUCER TRACK FOR CITY OF ANGELS

An eight-lap board bicycle track will probably be built in Los Angeles this The movement was started by W. G. Furman, the well-known California rider who appeared at the saucer two years ago, and a lease has already been secured on a fine plece of land within the city limits on which to build the track.

It will be remembered that a track of the same kind, but banked more than the present one, was opened there three years ago, but had races killed the game. Many of the riders at the local track are considering going to Los Angeles to ride in the opening meet, which will take place some time in September

TWO-MILE TANDEM RACE THE FEATURE

Some Good Events Promised by the Riders at the Saucer Track Tonight.

THE two-mile tandem race will be the feature of tonight's races. This is the first tandem race that has been pulled off at the local track during the present season and promises to be somewhat of a pleasing diversion from the ordinary. Eight of the fastest professional riders at the track have paired off, and tought they will go it nip and tuck for glory and victory. The rival teams are Samuelson and Williams, Hopper and Downing, Chapman and Staler and Georgo H. Collett and J. E. Acom.

Emile Agraz, the crack Californian amateur, will try for the one-mile track record which was established by Eddle Smith during his triumphant amateur days. The present record is 1:34 4-5, but as Agraz has just recently clipped two seconds off this mark, it is though the will turn the trick, though a difficult one, again tonight.

Hopper is expected to show up well in this event. He has been sick for the last two weeks, but has regained his health and is now riding in his old-time form. Another welcome face that will be seen in this event is that of O. E. Emery, the old-time favorite, who has turned many a clever trick on the local track. He has been training hard and hopes to prove that he is not a has-been, even if his hair is turning gray.
